### **Fitzroy River Corp announces alliance with Royalty Stream Investments**

Fitzroy River Corporation Limited (ASX:FZR) is pleased to announce that it has entered into an arrangement with Royalty Stream Investments Pty Ltd (RSI) whereby RSI will assist Fitzroy to originate, execute and manage new natural resource investment opportunities. This will include the search for new opportunities and due diligence on those opportunities considered suitable for further investigation.

Fitzroy has an objective to expand its portfolio of royalty interests and investments. With assistance from RSI, Fitzroy will be well resourced to review and invest in new opportunities that are both complimentary and financially accretive to its existing portfolio of Canning Basin oil and gas royalties.

RSI's principals, James Morrison and Simon Klimt, have deep experience in structuring and financing mining and energy projects in Australia. They were both previously with Barclays Capital and established RSI in 2012.

The appointment is for an initial period of 12 months. It is not exclusive and Fitzroy welcomes direct approaches by project principals and their advisors seeking innovative financing solutions within the resources sector.
